Crouched in Empty Sugar Barrel for Six Hours After Battle.

DARKNESS HIS SALVATION

G. W. Hildebrand, Baldwinsville Man, Tells How He Escaped at Midnight and Fighting Cigarettes, Whistles, Way Through Streets.

By Associated Press.
BALDWINSVILLE, N. Y., Feb. 24.—G. W. Hildebrand, a Baldwinsville man, today told how he escaped at midnight and fighting cigarettes, whistles, way through streets.

After Hildebrand had been rescued two former witnesses were called and then Greenway Hildebrand gave testimony regarding papers taken from the bodies of Baldwinville men on their arrival at Baldwinsville. Hildebrand is brother of former Governor Henry D. Hildebrand and a nephew of David Hildebrand, now dead, who was the leader of the Hildebrand clan in the days of the Hildebrand-McKay feud.

The next witness was N. J. Keady, a Baldwinsville man, who testified that he saw Hildebrand and his brother, David, on the night of the battle. Keady said that he saw Hildebrand and his brother, David, on the night of the battle.

G. W. Hildebrand and Baldwinville men were rescued at midnight and fighting cigarettes, whistles, way through streets.

ANNUAL MEETING OF FAYETTE FARM BUREAU TO BE HELD MARCH 3 TO HEAR REPORTS OF WORK DURING PAST YEAR

The next event of interest and importance to the farmers and stock raisers of Fayette county will be the annual meeting of the Fayette Farm Bureau, to be held on Thursday, March 3, in the court-house at Uniontown.

The principal object of this annual gathering of farmers is to hear the reports of the several crop and other farm improvement projects conducted by individual farmers in different sections of the county during the past year, to receive the report of the farm agent and to elect nine members of the executive committee of the bureau for the ensuing year. The meeting will have special interest to the farmers this year because it will be the occasion of the closing of the farm agent's administration of the affairs of the bureau.

The Sporting World

TWO GAMES WILL BE PLAYED IN CITY TOMORROW

Connellsville basketball fans will see two good games here tomorrow night—one at the high school and the other at the armory. The high school contest will be played first and following it the one will begin at the armory. This will enable fans interested in both contests to be present.

High School plays South Hills of Pittsburgh. The Smoky City lads have established quite a record of themselves this season and they playing here will be an attraction. Chalmers Ross, a former local player will probably be here with South Hills having moved there since the season opened.

The clash at the armory will prove one of big local interest. It will be the second game of a series between the Casey club and the American Legion teams. The Caseys took the first contest and the ex-soldiers have been hard at work to get into trim for this game.

SMITHSON LOSERS TO "Y" JUNIORS IN CLOSE GAME

The Smithson team lost to the Y. M. C. A. Juniors in a close game yesterday afternoon at the Y. The score was 23-21. The visiting team had only recently organized and while the Juniors were greatly outplayed the locals outplayed their opponents.

The score:
Smithson—21
Noland—F—Nicholson
Rittenour—C—Wagner
Gardner—G—Hopler
Wingrove—G—Bush
Substitutions—Phil for Rittenour, Bill Wagner for Wingrove.
Field goals—Phil 4, Smith 3, Wagner 3, Wingrove 3, Nicholson 1.
Foul goals—Bush 7 out of 12, Noland 8 out of 17, Phil 1 out of 1.
Referee—Driscoll.

ARMORY CLUB GAMES

Because of lack of support given at home the Armory club has felt it necessary to cancel the game scheduled for tonight with the Jeanette internationals.

It is also announced that no more home games will be played by the Armory club during the remainder of the season.

WONDERS WIN OVER RAIDERS IN LEAGUE

The Wonders defeated the Raiders in a league game at the Y. M. C. A. yesterday afternoon. The score was 18-4. The Wonders scored seven points in the first half to four for the Raiders. In the last period the Raiders were unable to cage a single basket.

TEPS WIN OVER ARMORY RUSSETTS BY BIG MARGIN

The South Side Pros won over the Armory russets by a big score in a preliminary game played Tuesday evening. The result was 25-9. Sheets scored five field goals from the floor and added 10 more points from the free line. Tomorrow night in a preliminary game the Pros will play St. Johns of Scottsdale. The score:
Pros—25

Game Saturday With Scottdale Big Attraction

The second game of the season with Scottdale, this time at home will be the biggest game of the year on the Connellsville high school schedule. The Mill Towners won the first game and the Caseys are out to capture this one.

Many fans who attended the game at Scottdale could not see the team in action and you will get to the high school early in order to secure a good seat Saturday. The Caseys are down to hard work and Coach Rupp is bounding over every effort to bring out all that his men have in them.

The Mill Towners have the larger team but Connellsville is expected to puzzle them on the larger playing floor by greater speed and passing ability.

FIERY, ITCHING SKIN IS QUICKLY SOOTHED BY USING SULPHUR

Montho-Sulphur, a pleasant cream will soothe and heal skin that is irritated or broken out with eczema that is covered with ugly rash or pimples, or is tough or dry. Nothing soothes fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning itching or disfigurement. Montho-Sulphur always heals eczema right up.

A small jar of Montho Sulphur may be had at any good drug store—Adv.

DECREASE OF THREE PER CENT IN OUTPUT BEEHIVE COKE IN U. S.

Loss Confined to Pennsylvania, Ohio and West Virginia; Total For Year About Half of Last.

Production of beehive coke in the United States, which has been steadily declining for the past two months, fell off somewhat during the week ended February 12, says the weekly report of the United States Geological Survey. It is estimated that the output was 227,000 net tons, a decrease of 6,000 tons or three per cent when compared with that of the preceding week. The decrease was confined to Pennsylvania, Ohio and West Virginia. Cumulative production for the year has reached 1,503,000 tons, which is but little over half of that during the corresponding period of 1920.

Production by states, compared with the corresponding week of 1920 was as follows:

Pennsylvania and Ohio	185,000	244,000
West Virginia	10,000	26,000
Alabama, Tennessee and Georgia	2,000	33,000
Virginia and Kentucky	12,000	2,000
Colorado, Oklahoma and New Mexico	3,000	1,000
Washington and Utah	5,000	7,000

SLOWING DOWN OF FURNACE OVENS TAKES DECIDED STEP

Net Decrease of 1,666 in Number of Active; Number of Plants Banked.

WILL CUT OUTPUT 20-25%

It is estimated; May Even Later Approach the Rate of Suspension Making at Merchant Plants; Latter Limit Until More Furnaces Go Out.

From The Weekly Courier: The slowing down of activity at the pigging plants of the furnace interests, which began to be indicated a fortnight ago, took a very decided step last week. There was a net decrease of 1,666 in the number of ovens in commission at furnace plants which the larger number of which were at plants of the H. C. Pickle Coke company. At the same time ovens were banked at a number of plants by which process they are rendered non-productive but until actually blown out they will not be considered as being on the idle list as that classification is generally regarded.

At the close of last week there were but 26,615 or 48 per cent of the available furnace ovens reported in blast, a reduction of 14 per cent from the preceding week. With the exception of the addition of 170 ovens to those in blast at Allegheny, the changes at the furnace ovens were all with a view to lessening production. The curtailment measures already taken and those in process of being taken this week will it is estimated, reduce the actual productive capacity of the furnace ovens to 20 or 25 per cent from the rate ruling a few weeks ago. It is even surmised that furnace oven operation will within a very short time, possibly only a few weeks, very closely approach that now ruling at the merchant plants.

The latter have to all appearances gone about as far in the suspension process as is needed to keep production wholly within the limits of existing demands. If more merchant plants are blown out, which is not improbable unless a favorable turn comes in the pig iron situation it may be necessary later to apply the restriction measures to the few remaining active plants in order to prevent the accumulation of stocks which may remain unworked from ovens which for an indefinite period.

There is no change in the attitude of the producers. Fully determined to make no attempt to stimulate market activity, which it is a foregone conclusion would be altogether futile, the plant owners have no disposition to make more coke than can be sold promptly at a fair margin and no intention present or prospective to make any coke that would have to be sold at a loss. Previous stagnant periods in the trade have led them to the folly of such a course, moreover they have no need for running their ovens merely to "keep up appearances." Such being the situation the producers simply intend to bide their time while they have every confidence will come in due season.

The estimated production of coke during the week ended Saturday, February 19, was 135,920 tons, credited to the two districts as follows: Connellsville 108,500 a decrease of 10,750 tons; Lower Connellsville 26,790 a decrease of 10 tons or a total decrease of 10,820 tons from the preceding week. By interests the production was 113,710 tons of 13.1 tons weight, 23,110 tons of 2.5 tons weight, as compared with losses of 10,100 and 10 tons respectively during the week ended February 12.

The net decrease in the number of active ovens was 1,666 the furnace ovens having lost 1,666 and the merchant plants 1,000. The individual plant changes were as follows: Out 11 C.
